Education

Bachelor of Technology in Information Technology

Jan 2023 – Aug 2027

Savitribai Phule Pune University, GHRCEM, Pune

CGPA: 8.13/10.0

Higher Secondary Certificate (HSC) – Computer Science

2023

Nutan Junior Science College, Malkapur

Technical Skills

Languages: Python, Java, C++, C, JavaScript, HTML5, CSS

Backend & Frameworks: Node.js, Express.js, Flask, Passport.js

Databases: MongoDB

Developer Tools: Git, GitHub, VS Code

Core Competencies: Data Structures, Algorithms, Web Development, REST APIs, Text Processing

Projects

Resume Analysis and Builder System | *Python, Flask*

March 2025 – Present

- Built web application processing resume uploads with text extraction and structured data parsing
- Implemented section identification algorithm to extract skills, education, and experience from documents
- Developed keyword matching system that evaluates content against job requirements and generates recommendations
- Created form-based resume builder with dynamic PDF generation capability

WanderLust – Property Booking Platform | *Node.js, Express.js, MongoDB*

Jan 2025 – Present

- Developed full-stack property listing application with authentication and authorization using Passport.js
- Designed and implemented RESTful API supporting complete CRUD operations for property management
- Built database schemas and middleware for user authentication, session management, and data validation
- Integrated server-side rendering with EJS templates and implemented MVC architecture

Technical Coursework

Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems, Computer Networks, Operating Systems, Software Engineering

Certifications

Microsoft Azure Fundamentals (AZ-900) – Cloud computing concepts and Azure services

Additional Activities

Graphic Designer – Created promotional materials and event posters for college technical events
